

SLIMLINE™ BELT DRIVE

NEW! **SLIMLINE™ BELT DRIVE / 1990-2006**
1-3/4" WIDE . . . 11mm BELT . . . OPEN . . . ELECTRIC START
FITS 1990-2006 EVO & TWIN CAM SOFTAIL®

HERE'S THE LATEST ADDITION TO OUR LINE OF OPEN BELT DRIVES, THE SLIMLINE™. THIS COMPLETE KIT FEATURES AN ALL NEW NARROWED BELT DRIVE, 1-3/4" WIDE! IT'S AN 11mm KIT, HIGHLIGHTED BY THE "DENSE PACK", KEVLAR POLYCHAIN BELT. THIS COMBINATION HAS BEEN TESTED TO WITHSTAND HORSEPOWER LOADS IN EXCESS OF 150 H.P.!

THE SLIMLINE™ KIT USES A NEW ONE-PIECE MOTOR PLATE. THE NEW OUTER GUARD REALLY DEFINES THIS KIT. IT'S CARBON FIBER & FULLY COVERS THE BELT & PULLEYS FOR BOTH ADDED SAFETY & PLEASING AESTHETICS.

A CLUTCH SET-UP ABLE TO TRANSFER ALL THE POWER YOUR MOTOR MAKES TO THE ROAD IS A MUST. FOR THIS JOB WE DESIGNED A NEW ASSEMBLY WITH WIDE-SLOTTED KEVLAR PLATES WHICH OFFER BETTER ENGAGEMENT PROPERTIES.

ALL IN ALL, THE SLIMLINE™ IS SURE TO BECOME A PROVEN WINNER!

FITS ALL 1990-2006 EVOLUTION® & TWIN CAM SOFTAIL® MODELS
